THE CONDITION OF TRADE

I Bring You Good Health, and Good Medicine—

Hood's Sarsaparilla

a happy combination, and there's no end of excellence in a form good to eat which blood and health in overwork or overheated by disease. Purifies, tones, enriches, vivifies, builds up, makes a delicious tonic gift. "Hood's is keeping the best of friends, particularly when you're ill." 100 doses $1.

Spring Medicine

is a fact as true and Hood's as medicine that Hood's Sarsaparilla is the spring medicine par excellence. It has the largest sale, the most wonderful cures, the best reputation of any medicine before the public. Its power to purify, vitalize and enrich the blood, to overcome that tired feeling, to create appetite, to give strength, to regulate the digestion, to build up the whole system, is unequaled. Be sure to get Hood's Sarsaparilla.

That Tired Feeling

is experienced by many people at seasons when they need special help. It quickly overcomes that feeling. Hood's Sarsaparilla does it. Don't delay. Take it now.

"I take Hood's Sarsaparilla every year as a spring tonic, and find it unsurpassed. I recommend Hood's Sarsaparilla to all who want a good blood purifier." C. P. Cunningham, Mgr. Bijou Theatre, Providence, R. I.

Pure Blood

Good health depends upon pure blood. Hood's Sarsaparilla, by making rich, purifying the blood, by giving Hood's Sarsaparilla. Your confidence in its vigor to act upon the blood and through that upon all the organs and tissues of the body, is not a needless notion, based upon the assertions of interested parties, but upon the positive and convincing and careful words of people from all sections of country, whose gratitude, and whose testimony, both as to the permanency of our remedy and the truthfulness of our statements, we have in our possession and are constantly publishing.

Hood's Sarsaparilla

Prepared by C. I. Hood & Co., Lowell, Mass.

100 Doses One Dollar

Reasons Why

People Need a Reliable Spring Medicine.

Impure Blood—Appetite—Dyspepsia—Indigestion—That Tired Feeling, Etc.

The human body needs a change of food to every one, and are comparatively few who are aware of dependence of the pure blood on it that a good healthy. The result is that at most we have frequent sickness, and much unnecessary to the cutting the sustenance of the body. Innumerable are of colds, the highest fever and every the most dangerous, and under good medicines to counteract poisonous or remove unwholesome and lowering action.

Lacking distinctive attributes a great deal of prevalent sickness is due to impurities in their quality, nutritious value, and cleansing powers. The task of food, or rather the assimilation of good, results and gain from it, is not accomplished with

Prevents the Blood.

The result is that impurities gradually develop in "that tired feeling" which renders the system especially susceptible to attacks of disease. Then boil, pimples, and other complications, to of course, more serious in the future, and result in the prostration, weakness and anguish which is the spring.

Hood's Sarsaparilla contains those peculiar properties which are known to perfect success as able to remove the poisonous impurities in the blood, and to make such effects as fully warrant us in saying that Hood's Sarsaparilla will do more than other so fully recommended, build up a wasting system, and cure you when you are sick.

Make the Weak Strong

another reason why some good preparation is necessary in the spring is to relieve from the body the effects of improper food eaten during the winter. Because diet is more restrictive then, it causes the most acute hunger pangs during hunger is relieved, but we are not enough, else is not nutritious, and are often to have right to our appetites at reasonable times.

Then, if the improperly cooked food has taken root into the stomach for several months, it soon commences there gradual but often quite serious work of destruction. This is shown in the many common ways. There is a

Loss of Appetite

the tongue is coated, the stomach, occasionally distress, or the liver, pain, and other parts of the body, and such a general feeling of unwell is certain to ensue. Hood's Sarsaparilla is especially adapted to relieve this condition, and a good appetite, good digestion, clear complexion, refreshing sleep, and a vigorous, invigorating

Most families realize that we generally need a "spring medicine" to start enough vital force and overcome and resist new trouble. During the winter we have taken many, by the constant need we are the greatest absolute disadvantages. There, in addition to this, physicians and quack to recommend and sweet patentages, which consequently are not considerable of your physical vigor. To Hood's Sarsaparilla with no fixed rule for medicine, but to the impurities constitution, and at the same time restores the diseased tissues to healthy conditions.

To sum up the whole matter, Hood's Sarsaparilla makes the weakest and most impoverished medicine for

Purifying the Blood

Expelling every trace of impurities and in vigorating the whole body, as does in obtaining the strength of good and nature's desires and the enjoyment of that otherwise pure to a common, healthy condition.

Hood's Sarsaparilla

The Tribune.

GAINED A NEW CABINET.

ALWAYS AFTER A WOMAN.

"A new theory has been started with regard to the use of soap on the face. Women who for years have been careful of their complexions would never, under any circumstances, wash the face in soap, as it was said to roughen and coarsen the skin. Now, that Savry Soap has been invented, this idea is exploded, and a well-known physician to the metropolitan profession recommends his women patients to use it freely every day, believing the skin will, like nature intended it should be, become soft and velvety. He states that none but the most beneficial results will be effected by this method of improving the skin.

His habits—with considerable plausibility—that the pores of the face become so much clogged by grease and dirt as the hands or any other portion of the body. And if soap is considered a necessary purifier in the bath, its needs must be felt equally on the face. By an abundant and regular lathering the facial pores, he claims, are kept open, clear, free from the clogging matter that produces unsightly blackheads, acne, pimples, and a pure, healthy, fresh and brighter complexion is the resultant. Not relieving matters, he says that the trouble with most women who have sallow, pasty skins is, that from year's end to year's end they never have a really clean face."

—Boston Sun.

A WORD OF WARNING.

There are many silly cases sold represented to be "just as good as the Savry"—they ARE NOT, but they all contradict, but the peculiar and remarkable qualities of the genuine. Ask for "Savry" Soap and insist upon getting it.
